

## ITC-AeroLeasing strengthens partnership with major EMS operator in the US with a 5-year lease financing contract

*ITC-AeroLeasing, Inc. (ITC) refinances two Bell 407s for the next five years with a long-term EMS partner in the United States.*

The **Bell 407s** are configured for emergency medical services. Since entering initial production in 1995, the Bell 407 has become one of the **most popular single-engine models in EMS operations**, known for its versatility and reliability.

ITC's team is excited to **strengthen the partnership** with this major HEMS operator and support their essential mission of providing care to the world at a moment's notice, almost **one decade and over 50 aircraft transactions since our first deal together**.

Mirika Nakayama, **ITC-AeroLeasing's CEO**, said:

*"We are proud of the trust our partners place in ITC. The refinancing of these aircraft is a demonstration of the lasting partnership between our two companies."*

**Since 1986, ITC has been committed to supporting EMS operators across the United States.** We look forward to continuing to help medical operators access and fund suitable aircraft, with respected performance and operating costs.

### **About ITC-AeroLeasing**

ITC-AeroLeasing is the leading independent Japanese aircraft leasing and sales company serving the international general and business aviation communities, active since 1989. With a fleet of approximately 75 aircraft, ITC leases all over the world, with a strong commitment to operators dedicated to socially responsible missions.
